

Penetration Testing and Vulnerability Assessment Service

Helping to reduce your risk exposure
through robust cyber security
assurance from skilled professionals

Our Service

MIAA's penetration testing services are delivered in conjunction with Sapphire, a fully skilled and certified partner organisation who have successfully worked with us to deliver high quality client services for over 10 years.

Our service offer is aligned with the outcomes and evidence expectations of the NSCS Cyber Assessment Framework and, for NHS organisations and partners, the NHS Data Security and Protection Toolkit.

The table below sets our service packages with indicative fees which are subject to final scoping and agreement.
